### Tailored Label Products, Inc. Wins “Best Workplaces” from Printing Industries of America

MENOMONEE FALLS, WI (December 27, 2011) – Tailored Label Products, Inc. (TLP), a manufacturer of custom labels and adhesive components, received recognition for their superior work environment when the Printing Industries of America awarded them as one of the 2011 Best Workplaces in America.

The Printing Industries of America presents these awards to companies in the United States and Canada on an annual basis. Each entry is judged in eight key human relations areas: Management Practices; Work Environment; Training and Development Opportunities; Financial Security; Workplace Health and Safety; Work-Life Balance; Recognition and Rewards; and Health and Wellness Programs. This is the fifth time TLP has received this recognition.

“We really must also thank each and every employee for making TLP such a great place to work,” said Mike Erwin, president. “We can have every program and framework in place but without the right people we’d never be able to sustain our unique culture and thriving work environment.”
