Employees Help Name Tailored Label One of Best Places to Work in Wisconsin
Tailored Label Products, Inc. Is Named One Of Wisconsin's Best Places
to Work By Milwaukee Magazine and MRA

MENOMONEE FALLS, Wisconsin – Tailored Label Products, Inc., a custom manufacturer of high-performance labels and die cut adhesives, was named one of the Best Places to Work in Southeastern Wisconsin (small business category) by Milwaukee Magazine and MRA, The Management Resource Association.

To be considered for the honor, companies were required to fill out an extensive online survey consisting of 500 questions covering nine different categories: salary, training, turnover, benefits, perks, work-life balance, diversity, employee voice, and community involvement.

Initially, 183 companies started the survey process. Only 43 companies scored high enough to qualify for the next step: having their employees complete confidential surveys. The employee surveys were scored and combined with the company surveys to get a final score. Tailored Label earned high scores in employee satisfaction, turnover, and community involvement.

“We have high expectations for our employees, but we also recognize the importance of a family atmosphere and an open line of communication with management. We want our employees to know we value their contributions,” said Mike Erwin, co-owner and president of Tailored Label Products, Inc.

If you would like more information about Tailored Label Products, contact them at (800) 727-1344 or visit www.tailoredlabel.com. Tailored Label Products provides custom engineered adhesive and label solutions to the medical, pharmaceutical, outdoor power equipment, plastics, manufacturing and other industries.
